TO : Commissioner John Evans

FROM : William C. Wood *Bill Wood*  
Associate Director--Operations  
Division of Corporation Finance

This note is to say that I am pleased that the President has reappointed you. A personal note like this is not the usual kind of Commission correspondence, but my feeling is both warm and deeply held. Your wisdom and your ability to listen to others sensitively and with understanding are immense contributions to the Commission. I also know that my staff shares this view.
