MEMORANDUM TO MICHAEL J. BOSKIN

FROM: RICHARD C. BREEDEN 

RE: SEC CHAIRMANSHIP

I don't know how strongly you are supporting the new SEC candidate you have suggested, but I thought you might be interested in the attached letters. I think these letters demonstrate that my appointment would be extremely well received in the financial community.

The attached Reuters article (which I had nothing to do with) may also be of interest to you. It suggests that failure to name someone to this position in the near future will reflect badly on the Administration.
